

HERBICIDES, SOIL STERILANTS, SURFACTANTS AND GRASS, WEED AND BRUSH KILLERS FIELD SECTION 2011

2011.1 Scope. To establish procedures for the inspection and reporting of herbicides, soil sterilants, surfactants and grass, weed and brush killers. The requirements are set forth in the bid requests titled "Herbicides" and "Spraying Rights-of-Way for Johnson Grass" issued by the Department.

2011.2 Procedure.

2011.2.1 Field inspection shall consist of comparing the label analysis as shown on the container of each lot with the requirements set forth in the bid request. Care shall be taken to insure that the label analysis shown by the manufacturer matches the requirements in the bid request. If there is any deviation, contact the Materials Division for technical assistance.

2011.2.2 Samples are only to be submitted when requested by the Division Engineer, Materials. Sampling and shipping instructions will be included in any request for samples.

2011.3 Report. The report shall include all the pertinent information, such as: specification designation, type of material, complete label analysis, lot or batch number, purchase order number, source, manufacturer's name and address, destination, and quantity represented. The report is to indicate acceptance or rejection. Appropriate remarks, as described in [General Sec 7.1.2](#) of this manual are to be included in the report to clarify conditions of acceptance or rejection. Test results shall be reported on Form T-634.

2011.3.1 Use Class B report distribution from [General Sec 7.1.7.2](#).
